Thank you

Your generous support is very useful for the betterment of less privileged people.

Appeal

The expenses to run our NGO's shelter homes are increasing rapidly. It is sad to share that the donations are not sufficient to meet the expenses. Hence, we have taken the decision to organize the sale of left over articles (received in donations). Money collected by selling articles will help us to meet our NGO's day to day expenses. Please take our decision in good spirits. However if our decision disturbs you then please do not donate any article/ item to our NGO. Your cooperation will help us to serve less privileged is high spirit.
